

TESTIMONIALS

"The other principal's in town raved about your program and now I know why. Thank you for showing the children how an author and illustrator bring an idea to life. The special effects were captivating. I especially liked the way you designed the program separately for each age group.

Thank you for making reading fun for our kids," **Principal Nocera, Plantsville School – Plantsville, CT**

"Everyone in town who has experienced your program has absolutely raved about it. Thanks so much. It was truly a magical literary experience," **Jen Ackerman - PTO, South School, Southington, CT**

"Thanks so much! I know my son absolutely loved your show," **Kris Beudet - PTO. Hubbell School, Bristol, CT**

"Hatton School was privileged to have Joe Shandrowski, author of Huga Tuga, a children's book, come to do a program for our K-5 students. Joe, not only shared how he got his ideas, he shared his process of writing and illustrating his books (through an amazing special effects experience). His program was extremely interactive and really kept the students' interest,"
